

Dear All,

I found a website to book vaccination appointments for care home staff.

[https://www.swiftqueue.co.uk/pre_timescreen.php?id=\\$2y\\$10\\$w3wUCcfF8.bmeokb9rX3luGG4eS6ZlrQw/CicYNC.WeUoL6OQTSi](https://www.swiftqueue.co.uk/pre_timescreen.php?id=$2y$10$w3wUCcfF8.bmeokb9rX3luGG4eS6ZlrQw/CicYNC.WeUoL6OQTSi)

Please keep checking this daily and book a slot. If you find many slots available – please alert colleagues.

You need to register first in this website – have an email id ready

Once registered – go to your email and use the activation code sent to your email in this website.

Click the Dose 1 Covid vaccination – the Green button shown below

It is at Guildford royal surrey hospital, we need to take our name badge & photo id.

The registration and booking process takes only a few minutes.

Please pass on to staff who do not have an email.

The screenshot shows the Swiftqueue website interface. At the top, there's a navigation bar with links for HOME, SERVICES, ABOUT, BLOG, and CONTACT. A 'Login/Create Account' button is also present. Below this, a dark blue banner reads 'Care Home Staff COVID Vaccinations' and provides the location: 'Royal Surrey County Hospital, Egerton Road, Guildford GU2 7XX'. The main content area is titled 'Please Select Your Appointment Reason' and features two prominent buttons: a green button labeled 'Dose 1 Covid-19 Vaccination' and a red button labeled 'Cancel Appointment'. A 'Back' button is located at the bottom left of the selection area.

Many thanks
Rasheed
